

## ECCENTRIC POLISHING MACHINE WITH BATTERY

### GENERAL

CODE	DESCRIPTION
BAEPM05	Eccentric polishing machine with battery

### DESCRIPTION

Gerko Battery-powered eccentric polisher for professional polishing of a car or other paint surfaces. The eccentric polisher on 18V battery has a 150mm support pad, adjustable speed and a strong carbon brushless motor. Because this battery-powered polisher works eccentrically, you can polish hologram- and swirl-free with a fantastic shine.

### FEATURES

- Cordless polisher equipped with a brushless motor
- Features a spindle-lock function for quick and easy pad changes
- With LCD screen to display speed in real-time
- Anti-dust switch to ensure longer lifetime
- Attractive and ergonomic design for user comfort
- Soft grip for comfortable use
- 15mm eccentric diameter to realize higher efficiency and better polishing results
