

DISPOSABLE SPRAY OVERALL

GENERAL

CODE	DESCRIPTION
DSC10	Disposable spray overall M
DSC20	Disposable spray overall L
DSC30	Disposable spray overall XL
DSC40	Disposable spray overall XXL

DESCRIPTION

With premium dual-material technology and CE Category III, Type 5/6 protection, Gerko's disposable protective coveralls are ideal for applications where both high protection performance and comfort are desired.

It is a microporous overall with hood, combined with breathable material at the back. Knitted cuffs, elastic at the ankle and back of the waist.

FEATURES

- Excellent barrier against dry particles and limited liquid chemical splashes (CE Type 5/6)
- Soft and light, super low lint laminated microporous material
- Back panel made of breathable SMS material for improved air circulation and reduced heat stress
- Two-way zipper with fully lockable flap
- Knitted cuffs and elastic waist and ankles for greater comfort and freedom of movement
- Antistatic treated
- No lint formation
