

DUST CONTROL

GENERAL

CODE	DESCRIPTION
DC05	Dust control 5 L
DC10	Dust control 10 L
DC25	Dust control 25 L

DESCRIPTION

Gerko dust control is a transparent, static, water-based liquid specially developed for floors of spray booths and pre-processing areas. Traps dirt and dust, keeping dust low to the ground. Ready-to-use, apply with pressure sprayer.

PROPERTIES

- Ionising effect immediately attracts and retains rising dust
- Removable with water
- Biodegradable, non-toxic
- Saves cleaning time
- Can be used on both walls and floors
- Silicone-free
- Economical in use
- Temperature resistance: 80°C
- Water-based liquid

APPLICATION CONDITIONS

- Application by hand pump
- Spray head: fine atomisation
- Spray the product lightly but regularly
- Product works for 7-14 days

STORAGE

Protect product from frost
