

T-FOAM TAPE

GENERAL

CODE	DESCRIPTION
TFT25	T-foam tape - 25m

DESCRIPTION

Gerko T-foam masking tape has a semi-rigid flat shape that facilitates quick and easy placement on edges. Gerko T-foam tape is the ideal masking solution for reducing masking time around doors, tailgates and other vehicle access points. When the tape is attached to the edge of the surface, the paint does not enter the vehicle and stays perfectly on the edge, imperceptible to the eye. The adhesive does not decompose when heat is applied in the booth and leaves no residue on the sheet.

PROPERTIES

- Easy placement
- Perfect edge finish
- No glue residue
- Flexible and easy to shape around contours
- Unwinds easily from the roll for fast application
- Solvent resistant
- No bleed through
- Eliminates paint build up and hard edges

TECHNICAL SPECIFICATIONS

Material	Double sided tape
Adhesive	Acrylic
Backing	Nonwoven
Total thickness	0,15 mm
Adhesivity 1 ^a face	20 N-25mm
Adhesivity 2 ^a face	1 N-25mm
Temperature resistance	-10 + 100° C
Protector	Silicone paper
