

PREMIUM CELLULOSE THINNER

GENERAL

CODE	DESCRIPTION
PCT24	Premium cellulose thinner - 24 L

DESCRIPTION

Professional cellulose thinner for diluting cellulose paint or removing adhesive, or cleaning paint brushes and spray guns and tools. Based on aromatics and ketones.

PROPERTIES

- Cellulose thinner 100% pure
- Professional cellulose thinner for diluting cellulose paint or removing glue
- Dilution of paint
- Removing glue
- Cleaning guns and tools
- Reduces the chance of orange peel skin

NOMINAL VALUES

Density (20°C)	0,825 – 0,835 kg/lt
Refractive index (20°C)	1,422 – 1,428
Vapour density (air = 1)	>1
Flash point (CC)	ca. -18°C
Auto-ignition temperature	>500°C
Explosion limit	1,0 – 13,0 %v
Evaporation rate (BUTAC = 100)	250 (estimate)
(Ether = 1)	6 (estimate)
Distillation range	
IBP	55°C
DP	115°C
Solubility in water	Partially soluble in water
Volatile organic compounds	100% (830 g/lt)

CHEMICAL ANALYSIS

Water: max 0,3%

PACKING

Can be obtained in bulk, drums, and cans. Other packaging is available on request.
