PM40	Masking film - 4 m x 300 mm
PM48	Masking film - 4,8 m x 300 mm
PM50	Masking film - 5 m x 120 mm
PM60	Masking film - 6 m x 100 mm

DESCRIPTION

Gerko HDPE masking film is perfect for quick and efficient covering of a vehicle and protects it against overspray, dirt and dust.

SPECIFICATION

- Sticks immediately to the surface of the car when places on it
- Fully electrostatic and corona treatment enables a strong paint adhesion
The paint sticks to the film and does not peel off when it is dry
- Resistant to spray booth temperatures
- Tearing resistant
- Absolutely waterproof, even when used with waterborne paint
- Very flexible, suits the shape of the car and does not tear
The car can still be moved when it is already masked
- It does not give off fluff and dust when cutting
