

## MINI POLISHING MACHINE WITH BATTERY CENTRIC/ ECCENTRIC

### GENERAL

CODE	DESCRIPTION
BACPM01	Mini polishing machine with battery centric/ eccentric

### DESCRIPTION

A mini polisher is ideal for polishing small, compact surfaces or hard-to-reach areas that a standard polisher cannot reach. Thanks to its compact size and light weight, a mini polisher allows you to easily work in places that are difficult to reach with an ordinary polisher. Thanks to the strong Li-ion battery, the mini polisher is powerful enough to deliver professional results on all types of car paint and you are not dependent on electricity. This version can be used either centrally or eccentrically.

### FEATURES

- Mini polisher equipped with brushless motor
- For reaching difficult places
- With spindle lock function for quick and easy pad changes
- Attractive and ergonomic design for ease of use
- Includes 2 batteries, 1 charger , 2 pads
- Can be used centrally or eccentrically
