

FOAM PAD GREEN

GENERAL

CODE	DESCRIPTION
POL20	Foam pad green ø150
POL60	Foam pad green ø80

DESCRIPTION

The green foam polishing pad is developed for fine polishing work and refining the paint surface. Thanks to its soft foam structure, this pad is suitable for removing light haze, micro-scratches, and holograms while enhancing gloss. When used with a fine polishing compound, it delivers a smooth, uniform, high-gloss finish.

FEATURES

- To polish old paints and areas without gloss
- Can also be used to touch up small scratches and imperfections in the paint
- Open structure
- Refines the surface after correction
- Increases gloss and paint depth
- Creates a uniform final appearance
- Provides smooth and controlled operation
- Ideal for the final polishing step
